Heritage Studies published by Bob Jones University Press guides our 6th grade students on a tour of the history and culture of ancient civilizations like Egypt, China, Israel, Greece, Africa, the Mayas, the Roman world, and the European Middle Ages. "Then and Now" maps vividly show the contrast of these ancient civilizations with the modern world. *World Studies*, the 7th grade course, builds upon the sixth-grade study of ancient civilizations with more about the foundations of modern civilizations. Beginning with the growth of towns after the Dark Ages and continuing through the twentieth century, lessons present a historical, geographic, and thematic survey. *The American Republic*, taught in 8th grade, provides students with a survey of the history and heritage of the United States from a Christian worldview.
