

Early North American History

At the 2/3 level GCS incorporates a literature approach to American History. Beginning in the year 1000 with the Vikings and continuing through the Civil War, teachers read aloud award-winning authors such as the D'Aulaires, Alice Dalgliesh, Jean Fritz, Walter Edmonds, Clyde Robert Bulla and others! Daily social studies lesson plans incorporate biblical principles, geography, poetry, historical character studies and much more! This study of history also builds character, as the character traits of some of our early leaders are highlighted and studied along with the biblical view of godly character traits. Go to <http://www.bfbooks.com> for more on this curriculum and to see the literature books included with the study.
