

## **Elementary Art**

The students in Elementary Art (1<sup>st</sup> – 5<sup>th</sup> grades) learn about the elements of art and principles of design. They use a variety of media to create drawings, paintings, prints, sculptures, collages, and other expressions of creativity. Once a quarter, the children are introduced to art history and appreciation by studying a Master Artist. They get to explore new styles and techniques to expand their experience in all aspects of the visual arts.
